*75 copies of this public document were published at an estimated cost of \$.50 per copy, for a cost of \$37.50 for printing and \$27.75 for distribution.*

**W<sub>2</sub>ASACT**

**Montana Departments of  
Commerce, Environmental  
Quality, Natural Resources &  
Conservation along with the US  
Department of Agriculture – Rural  
Development co-sponsors**

**Infrastructure Planning and  
Finance Workshop**

**Is your community planning to construct a public infrastructure project within the next few years that will require a grant or a low interest loan to make the project affordable?**

If the answer is yes, you should plan to attend one of the one-day workshops that will inform potential applicants about the various public infrastructure-funding programs available and their specific requirements, in addition to other information that will help you be ready to submit applications next spring.

The following funding programs will be providing information at the workshops:

- Department of Commerce—Board of Investments – **INTERCAP**
- Department of Commerce— **Coal Board**
- Department of Commerce – **Community Development Block Grant (CDBG)**
- Department of Commerce – **Treasure State Endowment Program (TSEP)**
- Department of Commerce—**Quality Schools**
- Department of Environmental Quality – **State Revolving Fund Loan Programs**
- Department of Natural Resources and Conservation – **Renewable Resource Grant and Loan (RRGL) Program, DWSRF and PCSRF Loan Programs**
- US Department of Agriculture – **Rural Development**

Representatives from each of the programs will discuss their specific application requirements and application deadlines. They will also be available to provide you with the opportunity to talk one-on-one about your specific projects and funding needs.

Information will also be provided at the workshop about preparing preliminary engineering reports and other technical issues.

**Remember that the next big round of funding competitions is next spring.** Since the TSEP and RRGL programs require legislative approval, they only accept applications once every two years. Therefore, if you are planning to submit an application next year, you should attend this important workshop.

*Reasonable modifications for persons with disabilities will be made who wish to participate in this workshop. Please advise us of the nature of the accommodation that you need at least one week prior to the workshop, by calling 841-2770.*
